Research Capacity Building
Support For

In Improving Its Research
Output

30 Nov 11 am EAT, 10am SAST

Recording of the session:

[***Dimensions***](#) is a crosscutting open science database serving users across the research community to discover, access, and analyze research data from idea to impact.

Our products and tools are used by researchers and organizations in the public, non-profit, and private sectors to discover, access, and analyze research data from idea to impact.

The Malawi University of Business and Applied Sciences (MUBAS) was established under legal authority granted by a provision in the University of Malawi Act of 1965; the College is committed to stewarding the academic mission, research enterprise, and strategic vision while generating new insights for the benefit of the present and future generations through diverse disciplines.

The Training Centre in Communication(TCC Africa), is the first African-based training centre to teach effective communication skills to scientists. TCC Africa is an **award-winning** Trust, established as a non-profit entity in 2006 and is registered in Kenya. TCC Africa provides capacity support in improving researchers' output and visibility through training in scholarly and science communication.
